Dear Patient,

Congratulations! We are pleased you have chosen Women Partners in OB/GYN for your maternity care.

Attached is your OB Financial Agreement with the estimated charges for your delivery. This estimate covers prenatal visits, delivery fees and the postpartum visit. It does not cover lab or sonograms. This agreement is subject to change if your insurance changes during the pregnancy. Visits must be billed to the insurance in effect at the time of service.

If you have any questions, please contact our OB Coordinator at extension 1108.

All deliveries are done at North Central Baptist Hospital. You can preregister online at baptisthealthsystem.com/for-patients/registration. For further information about hospital charges you can call their business office at (210) 619-8800, opt 3.

Sincerely,

Women Partners in OB/GYN
